

Crowned with Love Dance Ministry facilitates the expression of worship through movement and dance (using body, soul and spirit). Inviting people to deeper intimacy in their relationship with the Lord, greater healing and wholeness as well as a fuller revelation of their true identity in God.

The course runs from January until the end of June and consists of 20 workshops. It explores different ways dance can be used in worship including dance as prophecy, dance as intercession, flags and banners as well as biblical teaching about dance. The course mainly focuses on Expressive Worship Dance but also including Messianic Circle Dances as warm ups. It interweaves elements of poetry, scripture and art as we explore different themes.

Feedback from previous courses include, "It was re-charging and a great delight. It drew me closer to Yeshua, the lover of my soul." "I believe Hana is anointed to lead us in dance in the Spirit. It amazed me how she was able to draw out confidence and encourage breadth of movement and expression."

Hana is a dance educator in "Dance and Praise". She loves movement as worship and through it has experienced more of the Lord's Presence, healing and freedom in her life. She enjoys sharing this passion with others and has been teaching worship dance workshops over the last 12 years in congregations and in the community. She's originally from England but has been living in Israel since 2011.

This course is open to adults (aged 16 upwards); no previous dance experience is necessary.
